

A RELIABLE PARTNER IN GOOD TIMES AND IN CHALLENGES

Since 2005 we have worked closely with Ferrum's Italian teams in both sales and service. Despite challenging market conditions, our cooperation has led to significant successes. Ferrum is today one of our most important lines and we are extremely proud to be part of this large professional family.

Since 2005 we have been closely working with Ferrum in a great cooperation mood with all their teams, either for the Sales and for the Service Assistance. It was not always easy, because the market conditions, especially in Italy, are sometimes a bit difficult to overcome, but nonetheless I'm glad to say that we jointly acquired some very good successes. Nowadays Ferrum is one of the most important lines we have in our portfolio and we are extremely flattered to be part of this big family.
