ferrum

EFFICIENT SALT PRODUCTION
WITH FERRUM'S PUSHER CENTRIFUGE

For decades, Schweizer Salinen AG has trusted Ferrum pusher centrifuges for salt production. The long-standing partnership is marked by flexibility, technical competence and creative solutions. The latest highlight: the PD-60 D-ACT® with over 60 t/h throughput.

IT'S GOOD TO WORK TOGETHER ferrum EVEN IF YOU WANT TO SEPARATE

"We've relied on Ferrum pusher centrifuges for salt production for many years. The cooperation is defined by flexibility, know-how and solution-driven thinking. We were especially impressed by the PD-60 D-ACT® pusher centrifuge, delivering remarkable efficiency and over 60 t/h throughput. Our expectations regarding energy savings were also fully met – and even exceeded. We can fully recommend Ferrum Process Systems.

Ferdinand Kukec, Head of Salt Manufacturing
